PUBLIC SERVICE
COMMISSION

Re: PSC Case No 381

This letter is to request that the Kentucky Public Service Commission notify the Federal Universal Fund Administrator (USAC) and the Federal Communications Commission (FCC) that Leslie County Telephone Company, Salem Telephone Company and Lewisport Telephone Company d/b/a TDS Telecom are eligible to receive federal universal service support in accordance with the above-referenced statute and federal rule.

The amount of federal universal service the Companies will receive in 2013 will continue to be used for the services and functionality's outlined in 47 C.F.R. Sec.54.101(a) and, as the attached affidavit shows, the Companies all certify that they will use the federal universal service support they receive for the provision, maintenance and upgrading of facilities and service for which such support is intended.

This state certification for federal support will be an annual process. In order to receive federal support beginning January 1 of each year, the Kentucky Public Service Commission must file its annual certification on or before October 1 of the year before.

Leslie County Telephone Company, Salem Telephone Company and Lewisport Telephone Company d/b/a TDS Telecom respectfully requests that the Commission notify the FCC and USAC prior to October 1 of this year that they are eligible to receive federal universal service support for 2013.

Sincerely,

A handwritten signature in cursive script that reads "Amber Gaudreau".

RESPONSE TO COMMISSION DATA REQUEST

Pursuant to the Commission's August 21, 2001 data request, TDS Telecom submits the following information to demonstrate that federal universal support has been used as intended by the Federal Communications Commission (FCC), consistent with Section 254 (e) of the Telecommunications Act of 1996.

- Exhibit 1 - Summary of 2013 USF-HCL & LSS for Leslie County Telephone Company
- Exhibit 2 - Summary of investments & expense for Leslie County Telephone Company
- Exhibit 3 - Summary of 2013 USF-HCL & LSS for Lewisport Telephone Company
- Exhibit 4 - Summary of investments & expense for Lewisport Telephone Company
- Exhibit 5 - Summary of 2013 USF-HCL & LSS for Salem Telephone Company
- Exhibit 6 - Summary of investments & expense for Salem Telephone Company

As in prior years, TDS Telecom will utilize the federal universal support payments received in 2013 for the provision, maintenance, and construction of facilities for which the support was intended. These expenditures, those already made and those that will be made in the future, are what the USF payments are meant to support.

Exhibit 2 (Leslie County), Exhibit 4 (Lewisport) and Exhibit 6 (Salem) detail the investments & expenses that have already occurred over the last several years. For a cost company (eg, Leslie County), 12/31/2011 investments & expenses are used in the USF-HCL algorithm to calculate USF-HCL support for 2013. For average schedule companies (eg, Lewisport and Salem) USF support is received under average schedule formulas. Exhibits 2, 4, and 6 illustrate that all three companies have historically invested in their networks. It is expected that future investment increases will be similar to those displayed on these exhibits.

The expenditures, those already made and those that will be made in the future, far exceed any federal universal support payments received by the TDS Telecom companies. In addition, USF support is already an existing revenue flow. The amounts to be received in 2013 are not significantly different than amounts received in prior years. Therefore, no proposal for reducing intrastate access rates will be submitted.

The attached affidavit signed by Kevin G. Hess, Senior Vice President, Government & Regulatory Affairs, certifies that USF funds have been expended for intended purposes. TDS Telecom respectfully requests the Commission to submit the certification to the FCC on or before October 1, 2012 in order for the companies to receive federal support during 2013.

Respectfully submitted,

Leslie County Telephone Company, Lewisport Telephone Company, and Salem Telephone Company all d/b/a TDS Telecom estimate that it will receive \$129,700, \$86,000, and \$112,800 respectively of Federal Universal Service high cost support and local switching support during the January 1, 2013 to December 2013 time period.
4. The Federal Universal Service Support funds Leslie County Telephone Company, Lewisport Telephone Company, and Salem Telephone Company all d/b/a TDS Telecom received in 2012 and will receive during 2013 will be used for the provision, maintenance and upgrading of facilities and services for which the support is intended, as designated by the Federal Communications Commission consistent with Section 254(e) of the Federal
